INTERIORS AS CLEAR AS ICE! -LOCAL COMPANY LEADS GLASS DESIGN TRENDS FOR WINTER HOME IMPROVEMENT SEASON-

(RIDGEFIELD, CT)- The sleek, clear look of ice needn't be limited to your driveway this upcoming winter season. Ridgefield Glass, a local custom glass designer and retailer, is showing Fairfield County homeowners how to creatively use glass to update their home interiors during the popular winter renovation season.

"Today, we're finding that nearly every home accessory can be sculpted in glass," said John Petchonka, co-owner of Ridgefield Glass. "Glass accents and upgrades command your attention by creating a dramatic look, while offering sleek and sturdy functionality."

New uses for glass can be found in the bathroom, bedroom, kitchen and even as a partition in any spacious room.

Some of the specific ideas implemented by the designers at Ridgefield Glass include:

- **Bathrooms- ultra frameless glass shower doors and panels** remove visual clutter to create an inspiring showering environment, while easing maintenance and cleaning, especially when the glass is coated with a Teflon surface protector; **painted shower glass walls with any pattern or color** complement existing bathroom décor; **glass countertops and beveled mirrors** create a crisp, clean surface area for all bathroom toiletries and necessities with maximum reflective capacity
- **Kitchen- Glass counters and backsplashes** are an innovative and functional upgrade that cleans easily in the messiest of rooms
- **Bedroom-opalescent glass walk in closets** offer an artistic home for the wardrobes of some of the most discerning fashionistas
- **Exercise Rooms-** the more glass, the more inspiration in today's home gyms...from **flat wall-to-wall mirrors to entire glass walls**, seeing oneself in every angle helps keep exercise motivation at its peak!
- **Wine Rooms-**using a **glass door** for your wine room adds elegance and an attractive presentation to your finest spirit collection
- **Spacious Open Area Rooms-textured glass room partitions** help separate an open floor area with fashion and flair- the texture of the glass makes it less translucent than regular glass, but the divider still allows enough light and sound

“Whether you’re building a new house from scratch or trying to create some modern flair to your existing home accessories, glass offers a degree of luxury and drama when you're decorating this season,” adds Petchonka.

Founded in 1974, Ridgefield Glass is the exclusive provider of ultra frameless shower doors and bathroom enclosures in Connecticut, which are installed without clips, wall channel or headers. Besides its full-service, custom design glass department, the retailer offers the most modern applications in mirrors, insulated and commercial glass for both the residential and business market.
